

eMobile Quick Start Guide

1. Download the eMobile app from the Google Play or Apple App Store
2. Create your username and password
3. Verify your email as instructed
4. Select your account type: Personal (make payments) or Business (accept payments and make payments)
5. Finish your registration and link your bank account
6. Return to the app, log in and you will land on the Wallet screen. The Wallet screen is the main screen within the app. From this screen you will be able to load funds into your eMobile virtual wallet directly from your bank account, as well as deposit funds from inside of the Wallet into your bank.
7. To pay for goods or services, select “pay” on the Wallet screen inside of the app. You will be able to choose to scan a QR code to make a payment or you can choose to manually enter a numeric invoice code in order to make a payment on an invoice that you received by email.
8. The Transactions tab on the bottom of the app will take you to the screen where you can see all of your recent activity and search for transactions.
9. The Settings tab on the bottom of the app will give you options to update your information, defaults, customization, preferences and your pin.
10. Enjoy getting discounts and protecting your information with eMobile.
